Thank you for requesting vendor information about I-CON 22. We have had very successful I-CON conventions with attendance averaging over 6,000 members for the past several years and expect that this year's membership will be the same or better. The I-CON convention has one of the largest dealer's rooms on the East Coast, with 195 tables available for vendors. We have sold many of the dealer's tables right at I-CON 21 and wish to encourage you to register quickly. We expect to start table assignments by November. In order for us to fulfill your table requests you must get your reservations in as early as possible. The dealer's registration package includes a price list, a registration form and this letter. The registration form can be completed on your computer before printing and mailing. On the registration form, simply place your cursor on the first field on the form and click once. Use TAB to go to successive fields. **(PLEASE NOTE – The registration form has a drop down box for indicating the number of tables. Make sure you set this for the number of tables requested – 1, 2, or 3, prior to printing the form on your printer.)** After tabbing past the field indicating the number of cons attended, the remainder can each be checked as necessary by using the space bar and tabbing or using the mouse and clicking. The registration form must be returned with payment to ICON at the address below marked ATT: Dealer's Room. Please also include a copy of your current state sales tax id. If you are an out of state exhibitor and need a sales tax id, please call the NYS Department of Taxation at 1-800-972-1233 and request Application Form #DTF17 be sent to you. This is an application for a temporary sales tax ID.

Remember, the price for tables is lower if you reserve and pay early, so don't delay. We will be mailing our first newsletter in October and will include a list of all participating vendors registered as of the date of publication. Our web site at <http://www.iconsf.org> also will contain a list of registered dealers as well as URL links to dealer's web sites. It is the policy of ICON to publish web links and addresses so that fans may be able to contact vendors without having to go through ICON. This contact information may also be posted on our web site. Our second newsletter is scheduled for publication in February. We are looking forward to hearing from you soon.
